Chamber Day 25 & Chamber Eve 2013 Wednesday, May 1st, 2013

<http://dornsife.usc.edu/chamberday/>

Catalina Hyperbaric Chamber is the ONLY hyperbaric chamber in SoCal dedicated solely to the treatment of diving accidents, on a 24/7/365 basis.

It's important to know that *all* monies raised go to the Chamber. No administrative fees are deducted from the proceeds, the local SoCal boats donate their time and services, the manufacturers donate gear for raffle prizes, the Aquarium of the Pacific donates their facility for the evening event, hundreds of volunteers donate their time, and you (hopefully) donate your money.

See website above for more information.

Subjects of Interest

Diagonal lines in Photography

Different subjects such as kelp in a current can lend themselves to be photographed as diagonal lines.

Diagonal lines can work to draw the viewer's eye through a photo to the main subject and can also create points of interest where they intersect.

Some studies have shown people view images from left to right, this makes a diagonal from lower left to upper right a useful tool to create interest in a photo.

Diagonals seem to work best when they are off center as opposed to corner to corner. Multiple diagonals can create interest but too many can create chaos.

CONTEST LEVELS

Contestant Levels and Advancement

1. AMATEUR

Only global changes* are allowed. This category includes members shooting an SLR camera system, with one year or less of underwater photography experience, or shooting with a point and shoot (PAS) camera. At the end of the year the first place winner/s or any member attaining 18 points shall advance to Amateur. PAS camera users who have advanced to the Amateur category and have entered images for at least 6 months, but have not accrued more than 6 points, may choose to return to the Amateur category the following year.

2. ADVANCED

Only global changes* are allowed. This category includes members having at least one year experience in underwater photography or who no longer qualify for the Amateur category. PAS camera shooters may choose, or be required, to be in this category. At the end of the first year, the first place winner/s or any member attaining at least 18 points (board confirmed) shall advance to the Open category. Members who have advanced to the Open category and have entered images for at least 6 months but have not accrued more than 6 points, may choose to return to the Advanced category the following year.

3. OPEN

Digital manipulation is allowed except for composite imaging (adding to an image). This category includes members who are considered professional or advanced underwater photographers by the OCUPS board or any member wishing to manipulate their images beyond basic global changes*. Open category members who have entered images for at least 6 months but have not accrued more than 6 points may choose to return to the Advanced category the following year.

*Definition of Global Modification: Changes that affect the entire images, such as cropping, saturation, white balance, levels, sharpening, and contrast. Prohibited modifications would include the use of layers or other tools that are applied to a specific area i.e. brushes, healing, cloning, etc. Contestants may enter images for only one still category in a given year. However, the video category is separate and may be entered independent of the still category. Member eligibility for a category will be determined at the first of the year or when joining the club. Members may choose to move up a category, but not down, during the year, forfeiting all previous points accumulated.

Photographers taking photos with both PAS and SLR cameras will be classified as an SLR photographer. PAS photographers are not restricted to the Amateur category. The OCUPS board may review eligibility qualifications and request a member to change their category.

Fee: Please contribute \$2 per slide up to 2 slides and \$5 for 3 slides entered.... this money goes to help pay for the awesome trophies and plaques at the end of the year. We, however, do not need any money to improve the Perpetual Trophy for Flooding, it is a gem just the way it is!

Videographers

Prelude Video short clips are welcome. They can be on a CD, jump drive or bring your camera to connect.
