August 2014 Dive Report Southern Channel Islands, CA

by Johanna and Bruce Wight

This August we had the opportunity to dive throughout the Southern Channel Islands off the coast of California for 10 days. Since my dry suit had been gradually shrinking over the last few years, and it appeared my wet suit was too (or more likely I had gained some weight in the last few years) and my newly ordered dry suit was not ready, I donned my new off the rack wet suit and took that giant stride off the boat into the Pacific Ocean off the coast of Catalina. Descending to 60 or so feet, to my surprise, I wasn't cold. The water temp was 72° F, yes on the bottom. Wow was all I could think. We dove from San Clemente to Santa Rosa with the coldest being about 66° F the further north we went. The Kelp did look a bit tattered from the warm water but was still there stretching up to the top of the ocean forming its peaceful enveloping canopy and home to many creatures. Some of our encounters included giant black sea bass, some frolicking sea lions, an electric ray and one of my favorites, fringe head blennies. Even with the south swell increasing the last few days of the trip we were able to tuck into some incredibly calm dive spots thanks to the knowledge of the Truth Aquatics Captains. Incredibly we got to dive Farnsworth Banks for 3 dives with no current and pristine conditions, it was a fantastic trip.

CONTEST LEVELS

Contestant Levels and Advancement

1. AMATEUR

Only global changes* are allowed. This category includes members shooting an SLR camera system, with one year or less of underwater photography experience, or shooting with a point and shoot (PAS) camera. At the end of the year the first place winner/s or any member attaining 18 points shall advance to Amateur. PAS camera users who have advanced to the Amateur category and have entered images for at least 6 months, but have not accrued more than 6 points, may choose to return to the Amateur category the following year.

2. ADVANCED

Only global changes* are allowed. This category includes members having at least one year experience in underwater photography or who no longer qualify for the Amateur category. PAS camera shooters may choose, or be required, to be in this category. At the end of the first year, the first place winner/s or any member attaining at least 18 points (board confirmed) shall advance to the Open category. Members who have advanced to the Open category and have entered images for at least 6 months but have not accrued more than 6 points, may choose to return to the Advanced category the following year.

3. OPEN

Digital manipulation is allowed except for composite imaging (adding to an image). This category includes members who are considered professional or advanced underwater photographers by the OCUPS board or any member wishing to manipulate their images beyond basic global changes*. Open category members who have entered images for at least 6 months but have not accrued more than 6 points may choose to return to the Advanced category the following year.

*Definition of Global Modification: Changes that affect the entire images, such as cropping, saturation, white balance, levels, sharpening, and contrast. Prohibited modifications would include the use of layers or other tools that are applied to a specific area i.e. brushes, healing, cloning, etc. Contestants may enter images for only one still category in a given year. However, the video category is separate and may be entered independent of the still category. Member eligibility for a category will be determined at the first of the year or when joining the club. Members may choose to move up a category, but not down, during the year, forfeiting all previous points accumulated.

Photographers taking photos with both PAS and SLR cameras will be classified as an SLR photographer. PAS photographers are not restricted to the Amateur category. The OCUPS board may review eligibility qualifications and request a member to change their category.

Fee: Please contribute \$2 per slide up to 2 slides and \$5 for 3 slides entered.... this money goes to help pay for the awesome trophies and plaques at the end of the year. We, however, do not need any money to improve the Perpetual Trophy for Flooding, it is a gem just the way it is!
